EDUCATION

- | | |
|--|--|
| • Indian Institute of Information Technology, Allahabad
<i>B.Tech- Information Technology(Business Informatics) - CGPA: 8.98</i> | Prayagraj, Uttar Pradesh
<i>August 2024 – July 2028</i> |
| • Kendriya Vidyalaya No.1
<i>Class 12 CBSE - Percentage - 95.8%</i> | Sagar, Madhya Pradesh
<i>June 2021 – April 2023</i> |
| • S.T. Thomas Convent School
<i>Class 10 CBSE - Percentage - 93.4%</i> | Rahatgarh, Madhya Pradesh
<i>May 2021</i> |

TECHNICAL SKILLS

- **Languages:** C, C++, JavaScript, TypeScript, SQL, Python, Java
- **Web Technologies & Frameworks:** ReactJS, NextJS, NodeJS, ExpressJS, MongoDB, Tailwind CSS, HTML
- **Developer & AI Tools:** Git, GitHub, Linux/Unix, AntiGravity, Claude Code
- **Core Coursework:** Data Structures & Algorithms (DSA), Design and Analysis of Algorithms (DAA), Operating Systems (OS), Database Management System (DBMS), Object-Oriented Programming (OOPs)

PROJECTS

EchoBox (Next.js, TypeScript, NextAuth, MongoDB, OpenAI, Zod) | [GitHub](#)

- Developed **EchoBox**, an AI-powered anonymous feedback platform using **Next.js 15**, **TypeScript**, and **MongoDB**, enabling users to receive anonymous messages through personalized public profile links.
- Implemented secure authentication, email verification, and session management using **NextAuth.js**, **JWT**, and **Resend**, ensuring protected user accounts and verified access.
- Integrated the **OpenAI API** to generate AI-powered conversation starters and message suggestions, improving user engagement while leveraging **React Hook Form** and **Zod** for robust validation.
- Designed responsive, production-ready interfaces with **Tailwind CSS** and **shadcn/ui**, and built scalable **RESTful API** routes with **Next.js** and **Mongoose** following modern full-stack development practices.

Smart-SAC (React, TypeScript, Node.js, Express, MongoDB) | [GitHub](#)

- Co-developed a full-stack Student Activity Center platform within a **5-member** team, digitizing **7+ campus modules** (including equipment checkout and peer chat) to streamline student operations.
- Secured user access by implementing **JWT authentication** strictly isolated to institute domains, and engineered scalable **RESTful APIs** to process real-time facility bookings and ticketing.
- Streamlined administrative workflows by building a live analytics dashboard with **Recharts**, and integrating **Cloudinary** and **Nodemailer** for automated asset management and OTP notifications.

ACHIEVEMENTS

- Attained **Specialist** (Peak Rating **1514**) on **Codeforces** [↗](#) and **3-Star** (Peak Rating **1700**) on **CodeChef** [↗](#)
- Solved **1200+** problems across **LeetCode** [↗](#), **Codeforces** [↗](#), and **CodeChef** [↗](#), mastering Data Structures and Algorithms.
- Secured Global Rank **145** in CodeChef Starters 205 (Div 3) [↗](#) and Global Rank **753** in Codeforces Round 1091 (Div 2) [↗](#)
- Secured **5th place** in the **OOO Design Hackathon** hosted by **IIITA**, demonstrating rapid prototyping and teamwork.
- Secured a **99.28 percentile** in **JEE Main 2024**, demonstrating exceptional analytical and quantitative reasoning skills.

POSITIONS OF RESPONSIBILITY

Senior Member | Acoustics and Media Society

October 2024 – Present

- Active member of the Photography Club, contributing to media coverage and event documentation for the institute.

Head of Filming Team | Effervescence & Aparoksha

- Led the filming and media production team for IIITA's annual cultural fest (Effervescence) and annual technical fest (Aparoksha), covering **20+** events with video content reaching **5,000+** viewers.
